Universal Keyboard Tray Adapter

# User Guide

| Description	Part Number
Universal Keyboard Tray Adapter	AS7.T004.016

Note:
The Universal Keyboard Tray Adapter features the following common mounting patterns:
-VESA 75 (75mm x 75mm)(2.953" x 2.953")
-AMPS (1.19" x 1.50")
-2" x 4"
-PDRC

Step 1:
Attach the adapter plate to your keyboard using the supplied (4) 8-32 x 3/8" flat head screws via whichever hole pattern fits your keyboard.

Step 2:
Attach the connecting plate to the mounting aparatus you will be using via the supplied (4) 10-24 x 3/8" flat head screws.

Step 3:
Place the keyboard with adapter plate onto the connecting plate and attach with the supplied (2) ¼-20 x 3/8" button head screws. There are 2 sets of holes that can be used depending on the size and location of the mounting holes on the keyboard.

Mount shown upside down for clarity

PMT

The keyboard mount is now ready for use.
