

2021+ FORD F-SERIES RADIO DASHMOUNT LOW PROFILE

The low profile PMT radio dash mount for 2021+ Ford F-Series models offers mounting options for a large selection of different radio equipment. Positioned on top of the vehicle's dashboard, this dash mount helps to aid in keeping the vehicle operator's line of sight over the dashboard for increased safety, visibility and easy accessibility for convenient operation. Purchase this dash mount plus the corresponding faceplate to suit the radio being used and install with ease.

FEATURES

- Low profile for best vehicle operator ergonomics
- Heads up display positioning
- Vehicle specific mounting
- Compact, low-profile, contoured design
- Aircraft grade aluminum construction
- Faceplates purchased separately to suit radio equipment
- Faceplates can be changed for future re-use with different radio equipment without purchasing a complete new mount

COMPATIBLE RADIO DASHMOUNT FACEPLATES (PURCHASED SEPARATELY)

- Universal Radio Dashmount For Motorola APX2500/6500/7500 with Dual Mic Clips (AS4.C235.418)
