

BARCODE SCANNER MOUNTING SOLUTIONS

The PMT Scanner Pocket Mounts are essential for streamlining operations in rugged material handling environments. Engineered with precision and durability in mind, these mounts provide a secure and reliable way to integrate barcode scanners and tablets, ensuring seamless workflow and reduced downtime. Built to fit most scanner size, these mounts safeguard devices from damage while maintaining optimal performance.

FEATURES

- Aircraft-grade aluminum construction for structural integrity, vibration reduction and corrosion resistance
- Finished in black epoxy powder coat to provide years of durable, easy maintenance performance
- No drilling required when mounting, preventing any damage during installation
- Adjustable to fit 3.5" to 4.5" width and 2.5" tall wired or wireless barcode scanners
- Ergonomic 140° tilt design allows customized positioning
- **AS5.B100.001** supports multiple mounting patterns, including VESA 75 & AMPS, enable direct attachment to PMT Docks and Cradles for seamless tablet integration
- **AS5.B100.002** offers versatile orientation inside, outside or in line with pillar mounts and attaches to a square forklift support braces ranging 1.5" to 2.5" wide

OTHER FEATURES

- Foam padding and a scanner pocket trim provide protection for barcode scanner, preventing contact damage during operation
- Limited Lifetime Warranty

ITEM NO.	DESCRIPTION	HEIGHT	WIDTH	DEPTH	WEIGHT
