

POSH K9-MAG-2DW CARD READER – CF33 LAPTOP PLATE

The PMT POSH K9-MAG-2DW Card Reader Plate mounts directly to the Panasonic CF-33 laptop plate, providing a convenient and secure location for attaching the POSH card reader. Manufactured from CNC machined aluminum and finished in a black epoxy powder coat for long lasting performance.

FEATURES

- CNC machined aircraft grade aluminum construction to ensure a lightweight, ultra-rugged solution in all mission critical operations
- Finished in black epoxy powder coat to provide years of durable, easy maintenance performance
- Mounts to the rear of the docking station or cradle plate for low-profile and secure attachment of the POSH card reader
- Limited lifetime warranty
