

PMT TABLET ENCLOSURES

PMT's tamper resistant enclosures allow access only to the touch screen while covering all buttons and ports to prevent unauthorized use. Precision cutouts for cameras and sensor to maintain functionality and performance. Constructed from CNC machined aluminum and finished in a black epoxy powder coat for long lasting durability, supports both landscape and portrait orientations with multiple mounting options, including VESA 75. Suitable for industrial and commercial environments, the enclosures integrate seamlessly into mobile workstations, production setups, and other demanding applications while keeping devices secure.

FEATURES

- CNC machined aircraft grade aluminum construction to ensure a lightweight, ultra-rugged solution
- Black epoxy powder coat finishes provide years of durable, low maintenance performance
- VESA 75 and VESA 100 mounting interface to allow multiple mounting options
- Tamper resistant to increase security and deter theft
- Conceals charging cable for a clean, secure setup
- Rear access to power and volume button
- Fixed mount solution for added protection of the tablet
- Can be mounted in landscape or portrait orientation
- Limited Lifetime Warranty
