2025+ AND 2020-2024 FORD POLICE INTERCEPTOR UTILITY CABLE COVER MOUNT

Manufactured from 1/4 inch lightweight, aircraft-grade aluminum to provide a rugged, sturdy mounting solution for attaching equipment such as gun racks to reduce unwanted movement and flex above and beyond OEM solutions manufactured from thinner gauge, less rugged materials. Installs quickly and easily using OEM and console manufacturer mounting points, compatible with consoles from Precision Mounting Technologies (PMT).

FEATURES & BENEFITS

- Lightweight, aircraft-grade aluminum construction
- 1/4" aluminum provides rugged, strong mounting over OEM solution for more sturdy attachment of accessories such as gun mounts
- Reduces unwanted movement and flex when mounting/unmounting weapons from attached gun racks
- Black epoxy powder coat provides high durability, easy maintenance finish
- Utilises existing mounting points from OEM and console manufacturer for easy and quick installation with no drilling required
